

# BMW Around the Island Race 2024

## Ergo Rowing Challenge

The BMW ATIR Ergo Challenge includes two race categories; a 45k and a 10km ergo relay challenge echoing the spirit of ATIR sea race. Apart from experiencing the amazing challenge of these races, they also promote the concept of “reciprocation” to develop the resources we are using to build the sport and our life, and also to support the development of the younger generation in our sport. The entry fee raised deducting event expense will be fully donated to the Hong Kong Playground Association to support their school rowing program to nurture the next generation of our sport.

Established in 1933, Hong Kong Playground Association (HKPA) is a long-time non-governmental organization providing social services for children and young people in Hong Kong. Through diversified and pertinent services, HKPA aims at strengthening the holistic development of the younger generation and is specifically keen on using sports and water sports as intervention tools to nurture them to be the successors of Hong Kong Society.

To know more about the work of HKPA, please visit: <https://hq.hkpa.hk/index.php?lang=en>
